

Bulletin of the Orchid Society of Canberra Inc.

Volume 9 Number 5 Sept - Oct

1994

News in brief

Regular monthly meetings

Monthly meetings of the society are held on the first Tuesday of each month in Room 1, Griffin Centre, Bunda Street, Civic.

Meetings commence at 8.00pm with the trading table and library open from 7.30pm

September Meeting

Mr Julien Kanagaratnam from Burbank Biotech will be speaking on tissue culture. Here's your chance to find out what is involved in baby orchids in bottles. Julien will also be bringing some flasks of plants for sale.

October Meeting

Mr James Neal will speak on growing *Phalaenopsis* at home. James has recently published a book by the same name - copies are available from the sales table. We hope James will bring some plants to sell.

Annual Spring Show, 24-25 September, St. John's Hall, Reid. Lots more information inside

Walk on Black Mountain, 23 October, 10 am. Jean Egan has agreed again to take us all for one of her wonderful walks. Meet at the parking lot on Caswell Drive opposite Wangara Street.

CIT Horticulture Day, Weston. 5 November. The Society will have the usual display and plant sales.

MINUTES OF THE GENERAL MEETING OF 5 JULY 1994

Attendance: 39 **Apologies:** 8

President Sheila Cudmore opened the meeting at 8.00pm and welcomed visitor, Ivy Jacobson. Sheila reminded members to sign the attendance book.

TREASURER'S REPORT

Presented by Peter Cudmore. Current bank balance is \$7574.56

SECRETARY'S REPORT

Presented by Lynne Bullivant

LIBRARY

Australian Orchid Review(June 94)

NEWSLETTERS/BULLETINS

Albury-Wodonga (May, June and July)

OSNSW (May and June)

Wagga Wagga (May)

CATALOGUES

Adelaide, Aranbeem, Mt Beenak, Merrellen, Trowena

OTHER

Orchid Auction (Sunday 5 July), 5th Asia Pacific Orchid Conference and Show (in March 1995, Japan), Spring Booklist from the AOS, Griffin Centre re Petticoat Lane.

The Treasurer's and Secretary's reports were moved on the motion of Mark Fraser and seconded by Paul Tyerman

GENERAL BUSINESS

The President announced that the Meritorious Service Badge had been awarded to Jane Wright in recognition of her service as past Treasurer.

Sheila spoke briefly on the cultural requirements of equitant oncidiums

Jane Wright highlighted the features of the products and plants on the sales table.

John Corey of "Rainbank" spoke on the value of urban rainwater collection tanks.

Sheila gave a progress report on the *Cymbidium* which seems to have benefited from a dose of Dynamic Lifter.

Mark spoke about the Society's display at the Gosford Orchid Spectacular and asked for people to provide plants and transport.

Popular vote certificates were awarded for the previous meeting.

GUEST SPOT

Guest speakers were Mark Fraser who showed slides from the Society's 1992/1993 Shows;

Lynne Bullivant and Brian Phelan who spoke about how to present plants for the Show bench.

DOOR PRIZE

Winners were: David Lyons and Robert Rough

RAFFLE

Winners were: Jane Wright, Graeme Brindle and Laurence Woods.

MINUTES OF THE GENERAL MEETING OF 1 August 1994

Attendance: 44 **Apologies:** 7

President Sheila Cudmore opened the meeting at 8.03pm.

GUEST SPEAKER: Lorraine Fagg, an experienced hybridiser of *Sarcochilus*, presented an interesting slide show and answered members cultural enquiries. Members showed great interest in Lorraine's potting mix of medium Debco with sheep manure. She will let us know the approximate proportions she uses.

TREASURER'S REPORT Presented by Peter Cudmore. Current bank balance is \$7665.07. Peter explained the derivation of the income for the past month.

SECRETARY'S REPORT Presented by Lynne Bullivant

LIBRARY Orchid Review (May/June, July/Aug.)

NEWSLETTERS/BULLETINS Albury-Wodonga (Aug.), OSNSW (July), Wagga Wagga (June), Parramatta & District

CATALOGUES Warrnambool, Tinonee.

OTHER Goulburn Valley (Vegimax), Van Schanks (bark), Native Orchid Society of Adelaide (canunda shells), Orchid Club of SA (books), Griffin Centre (Petticoat Lane), Joyce Linden, AOC Subscription and book order forms.

Forthcoming Conferences: Brisbane 1997, Adelaide 1996, NZ October 1995, Albury/Wodonga 8/9 October, 1994

The Treasurer's and Secretary's reports were moved on the motion of Brian Phelan and seconded by Lynne Bullivant

GENERAL BUSINESS : Jane Wright gave a brief show report and asked members to sign up as volunteer helpers and to return trophies at the next meeting.

Sandra Corbett and Mark Fraser explained how for display at Gosford was being organised.

Sheila spoke about the Darwin conference.

DOOR PRIZE Winners were: Richard Phillips, Graeme Weeks.

RAFFLE Winners were: Gunther Anglberger, Bill Smith, Quin Yuen Chung

FROM THE PRESIDENT

Dear Members,

Many members are beginning to add an Equitant *Oncidium* to their collections. These orchids do not grow pseudobulbs but the leaves are very fleshy and grow in a fan shape. The plant is quite small and easy to grow and flower if their origins are considered. They come from the West Indies and grow in warm, bright conditions watered by thunderstorms and dry out quickly in drying winds. To grow them in our conditions, they should be grown on bark or in small pots in a well open mix - fine bark would be O.K. The temperature should only go down to 10°C but they can go up to about 40°C in the summer. The important thing is that they must be kept in the blow of a fan to within three feet. Cold, damp, still conditions can kill these orchids. The flowers are beautiful and they are well worth growing.

Happy growing.

Sheila

FROM THE EDITOR

Much of what I get for the bulletin now comes on computer disk direct from its authors. This is a great help to me and speeds the job up no end. Sometimes, however I get the odd file that is frankly a struggle to reformat so that it fits with the rest of the text.

A few things you should take into account if you wish to give me material on disk. If you do it will make my job easier and quicker.

The bulletin is prepared using Microsoft World for Windows 2.

The typeface I use for text is Times New Roman 10 point. Titles are in 12 point. Text is justified and titles are centred.

If your document has been prepared in another package, please save it in Word for Windows 2 format or failing that in ASCII. I cannot read disks off Macs, unless files have been saved in a DOS format by the Mac user.

Please label your disk with:- your name; file name(s) in full and which issue of the bulletin your contribution is for. 3.5 inch disks are preferred. If you need your disk back in a hurry let me know so that arrangements can be made. Otherwise I will return them at the next meeting.

Avoid using tabs in your documents plus any other fancy formatting of your own. I spend a lot of time removing these to give a consistent style.

If you have incorporated any graphics in your document, please provide me with a printed copy of it so that I can be sure it appears as you intended. Kindly ensure that the graphic has been copied onto the disk you have given me. - No file - no picture unless I'm in a creative mood and have the time to redraw it.

David Rees

MEMBERSHIP NEWS

Welcome to our new members Kyra Suthern, Gunther Anglberger and Chris Hewlings. We hope that your association with us is long and fruitful.

ON THE TABLES

We did some shopping for you at the recent Gosford Orchid Spectacular, and picked up a few bargains! Don't miss the September meeting, where we will have some very nice slippers (some potentially vinicolour), mini-cattleyas and flowering natives. We also stocked up on *Sarcochilus* from Lorraine Fagg after she spoke at our last meeting, so those of you who had to miss her talk can at least get some plants now.

What you don't buy at the September meeting will be snapped up by the public at our show, so don't say you haven't been warned!

We have purchased stocks of a new book, "Growing Orchids at Home", by James Neal, our speaker for the October meeting. This is a lovely small book, guaranteed to delight at only \$12 a copy.

We've got in new stocks of waterproof pens and T-tags. The latter are great for plants for the show bench.

THE BOOK!

Our book, "Growing Orchids in Canberra and other cool climate districts" will be at the printer any day now, and definitely ready to launch at the Show. The editorial team of Lynne Bullivant, Jane Wright and Sheila Cudmore have been working long hours to get it done on time. John Frizelle of the society owns Paragon Printers and will be printing the book for us - quite a society affair! Thanks to all 14 authors for their contributions and Ben Wallace for helping us get it (botanically) right.

1994 ANNUAL SPRING SHOW. SATURDAY 24/9/94 - SUNDAY 25/9/94.

This year our show will once again be held at St John's (cnr Constitution Avenue and Anzac Pde, Reid). Enclosed with this bulletin is your copy of the show schedule, and assuming that you are a paid up member, a copy of the entry form and a free entrance pass. This is our biggest event of the year - please pitch in and help us make it great.

SHOW REGISTRATION

Your entry form is included with the show schedule in this Bulletin. To register your plants **please fill in the form** and present it with your plants and/or displays at the registration table on Friday night between 6-9pm.

At the registration table you will get:

White stickers for show judging. You need one for each plant or exhibit on which you enter the code number that identifies you as an exhibitor and the class number according to the show schedule.

Yellow stickers for the popular vote - one for each exhibit.

Attach the stickers to the side of the pot (or where possible), but visible.

If your plant is a seedling obtain a **pink sticker** and attach it to a leaf so that it is visible to the judges.

Stickers will be available at the September meeting or at the show registration table.

After attaching stickers, the plants should be left in the marshalling area. They will be benched by the show marshals. You should also have your name concealed somewhere on your plants/exhibits. *Don't forget to leave your entry form with the registrar.*

Good luck.
Lynne Bullivant

PREPARATION OF PLANTS FOR THE SHOW BENCH

Tidy up the plant in general. Remove all dead husk and any dead leaf tips. Use a sterile cutting instrument to avoid spreading diseases from one plant to another.

If leaves are dusty or marked with fertiliser, fungicide, etc., clean them with a damp cloth, wiping from base to tip. Hold the leaf at the base to avoid tearing it from the plant. You can use leaf gloss or a dilute solution of milk and water to give the leaves a bit of shine.

Stake and tie the flower spike if necessary. On the show bench the top tie should be below the bottom flower on unbranched spikes or below the highest branch on branched sprays. For transporting however, it may be wise to tie heavy

spikes of flowers midway up the spike to keep them from snapping off. This supporting tie can be removed before you bench the plant.

Clean the pot if it is dirty. If the pot cannot be cleaned, place it inside a pot of the same size and type, for a clean finish.

Make sure the name of the plant is clear and correctly printed. Print a new name tag if necessary, and for the benefit of the public, write the name out in full. Place it at the front of your pot; that is, at the angle you want the judges and public to view the flowers. The name should be visible so that visitors to the show can read it without removing the tag from the pot.

On the day before the show, water the plant well as it cannot be watered once benched.

If you have a plant in a hanging pot or on a slab or mount, it is your responsibility to provide suitable hanging arrangements for your plant.

Put your name on the pot somewhere, hidden from general view.

Lynne Bullivant

CALLING ALL TROPHIES!

Would the last year's trophy winners please return the (cleaned!) trophies to Jane Wright at the September meeting. Thanks.

NEEDED FOR THE SHOW!

Small garden tables or card tables are needed for the refreshments area.

Help is needed to transport display boards to the show on Friday, and back again on Monday. It is a short trip - it requires quite a large trailer.

Accommodation for judges. We may need to provide a bed or two for judges. Not sure yet, but I'd like a few offers in reserve!

If you can help with any of these, please contact Jane Wright. Thanks

Volunteers! To help baking goodies for the refreshment stand, selling entrance and raffle tickets, working the sales table or refreshments, talking to the public, setting up, cleaning up. We have a lot of fun and many hands make light work. You also get free cups of tea or coffee when on duty, but sorry, you have to pay for food this year!. Sign up for a for a couple of hours and a job or two at the September meeting, or ring Jane Wright.

New Members Raffle: Each year we raffle a selection of plants to be won by one of the new members that joined during the show. We depend on the generosity of existing members to provide the plants for this raffle. We are looking

for good, flowering-sized divisions of healthy, tough plants, that are suitable for a beginner to grow in Canberra, without special conditions. If you can provide a plant, please contact Jane Wright.

SELLING PLANTS AT THE SHOW?

Please remember that commission is 20% at the show and price your plants according. As usual, put your price on a separate tag (with your name) in the pot. We keep this tag and us it to cross check our sales sheets, and return the tags to you when we send your money. We send you a cheque for your plant sales from the show - within 2 weeks after the show normally.

Please remember that your plants may be purchased by beginning growers. Make sure that the plants are well established and free of bugs and disease. I reserve the right to take sickly, infested or poorly established plants off the sales table.

Your sales will be better if you take the trouble to put a description of the plant and how to grow it on the pot. Of course the best way to ensure good sales is to be there and talk to your potential customers! Indeed, anyone that is intending to sell reasonable numbers of plants is expected to work the sales table.

DID WE REALLY SUGGEST DOING THIS?

The 1994 Gosford Orchid Spectacular

The Gosford Spectacular has been and gone. Firstly, thank you to all of the members who volunteered plants for the display. Every plant helped, and many of our plants attracted comments from visitors, other growers, and even the professional nurserymen.

Overall, Canberra did very well in the competition. In addition to the display taking first place in the Affiliated Society Small Island Display Section, various members won a number of individual sectional prizes. These were:

- 1st Prize Cymbidium Species: *Cymbidium erythraeum*: Ben Wallace
- 2nd Prize Intermediate Cattleya, Red: *Sophrholaeliocattleya* Hazel Boyd 'Lea': Brian Phelan
- 1st Prize Intermediate Cattleya, Splash / Spotted: *Hawkinsara* (*Cattleya* (Penny Kuroda x *Brabantiae*) x Ian Kobayashi) : Scott Mann
- 2nd Prize Miniature Cattleya, Red: *Sophrholaeliocattleya* (Precious Stone x Little Hazel): Brian Phelan
- 1st Prize 'Crispum type' *Odontoglossum*, Red: *Odontioda* (Costro x *Ingera*) x Ingmar 'Brighton': Brian Phelan
- 1st Prize *Dendrobium kingianum* species: *Dendrobium kingianum*,: Paul Tyerman

Given the competition we were facing this represents a high level of success for a first attempt at this type of competition. As well as competing against other Societies, we were also

competing against a number of major nurseries, including international entrants such as Cal-Orchids.

Our plants were transported to Gosford and the display was put together by Terry Turner and Julianne Bullard, Ellen Colahan, Sandra Corbett and myself. Fortunately, we had planned the display framework reasonably well. Once the frame was assembled and the hessian in place it then became a matter of placing plants on the display and registering them. We quickly came to the horrid realisation that we had nowhere near enough foliage plants: fortunately for us Ellen had a friend, Sonja Kelly, living in the Gosford region who was happy to lend us a large number of extra foliage plants. Sonja also provided help with the final assembly and finishing of the display.

On Thursday night, we were required to stay around to answer or assist the judges during judging. As it happened Sandra and I were conscripted into acting as runners and scribes for the judges. I was assigned to the *Cattleya* judges, whilst Sandra was allocated the *Cymbidium* judges. It was our task to accompany the judges and record their decisions. For members interested in understanding how the judging process works I cannot recommend this highly enough. It is a gruelling and tiring business, however we were present to observe the deliberations and determinations of what makes a plant a winner.

All up there were eight island displays, by groups such as the SPECIES society, the Gosford and District Society, The Cymbidium Growers Society and others. Large displays were also provided by Camira Orchids and Barrita Orchids. The remainder of the displays were table top displays and cut flower displays. An enormous variety of orchids were on display, including such rarities as *Paphiopedilum* Mount Toro and a number of other fine multifloral paphs; an enormous (almost 6 foot tall) *Angraecum eburneum*. The Grand Champion of the show was a fine specimen of *Phalaenopsis amabilis* var. *formosana*. Both Sheila and Peter and Jane and David were busy with cameras so we will see some slides in the future.

Throughout the weekend we had people alternating between manning our display, and taking time to go and investigate the Sales tables. Amongst the nurseries represented were Orchids by Olympia, from whom we had just received a nice order of plants; Miriam Ann orchids, as agents for Florafest, with a substantial number of paphiopedilums and miscellaneous species; Tinonee Orchids, with a wide range of natives, including some of the novelty *Sarcochilus* crosses; Barrita Orchids, with cymbidiums, *Phalaenopsis* and even a few masdevallias. Elsewhere we saw gorgeous *Phalaenopsis*, a range of cattleyas, and a surprising number of vandaceous intergeneric hybrids. If anything, this year there seemed to be a greater emphasis on species orchids and novelty paphiopedilums.

A highlight of the show was the opportunity to meet and talk with overseas growers. This year Barry Fraser (no relation) of Papa Aroha Orchids of New Zealand was present, and was

selling large plants and divisions of various paphiopedilums. as well as generously sized seedlings. He was happy to talk to his customers, and offered a lot of advice and assistance on the subjects of slipper culture and breeding. Both Terry and myself spent quite some time with him. Also present were Jim ? from Cal-Orchids (USA) and Andrew Easton from Geyserland Orchids (New Zealand).

On the Saturday night the Canberra contingent, including Sonja, joined the organisers and other guests for a dinner. This was a merry affair, which was presided over by the mayor of Gosford, who welcomed us all warmly. It provided all those closest to the hurly-burly of running the show with a chance to wind down a little.

As well as the orchids on display and for sale there was an excellent display by the local Bromeliad Societies. They had filled a hall with plants that were benched, suspended or incorporated into two huge displays. They also offered plants for sale, and advice about plant culture. Gosford also offers other entertainments. On our day off (Sunday) Sandra and I went to the Reptile Park. It was nice to relax after the chaos of the previous days.

We have a better understanding of what is expected at this sort of event now, and we look forward to participating in Gosford again.

Many thanks again to Terry Turner, Julianne Bullard, Ellen Colahan and Sonja Kelly who were with us the whole week and were of enormous help. Thanks also to Lynne Bullivant for her wonderful plaque and labels and the green hessian which were used on the display. Thanks also to the helping hands of Sheila and Peter Cudmore, Jane Wright and David Rees and Brian Phelan.

Mark Fraser.

MAJOR FORTHCOMING EVENTS

18-25 September New South Wales Orchid Society Spring Show, Royal Botanic Gardens., Sydney

17-18 September. Griffith Orchid Society Spring Show. Wade High School Hall. 11am-5pm Sat, 9am-4:30pm Sun.

24-25 September. Wagga Wagga Orchid Society Spring Show. Sturt School, Koorlingal. 12noon- 5pm Sat., 9am - 4 pm Sun.

29 September - 1 October. Sapphire Coast Orchid Club Spring Show. Bega Valley Motors, Card Street, Bega. 10:30am - 5pm Thurs, 9am - 5pm Fri, 9am - 2pm Sat.

8-9 October. Albury-Wodonga & District Orchid Society. Albury High School, Kiewa. 11am - 5pm Sat., 10am - 4 pm Sun.

1995 ANNUAL SPRING SHOW and REGIONAL CONFERENCE

It is hard to even contemplate next year's show, while we are in the throes of organising this year's one, but your committee has been busy investigating and lining up speakers for the mini-conference. So far, Ben Wallace and Mark Clements from the Botanical Gardens have been dragooned and John Kavulak from Jodies Nursery has agreed to speak. We have the first of the nursery stalls lined up. Things are happening, but it is never too late for you to make suggestions about what you think would make a great show and mini-conference. Don't hesitate to contact Jane Wright with your suggestions (and offers to help!).

ANNUAL SUBSCRIPTIONS NOW DUE!

If you have not paid your annual fees by now then the higher rates now apply. Save money next year by paying up on time!

	Payment before 1 July	Payment after 1 July
Single	\$15	\$20
Joint	\$20	\$25
Junior	\$3	\$5

New members will pay the higher fee on a once-off basis, and will receive a society membership badge at the same time that they receive their name badge.

ADVERTISEMENTS IN THE BULLETIN

We now accept adverts from relevant commercial operations. Rates are as follows:-

Per year (six issues)	
Half page	\$60
Quarter page	\$30
Single issue	
Half page	\$20
Quarter page	\$10

Members announcements will remain free of charge subject to space being available.

Those wanting to place an ad. please contact me.

D P Rees, Editor.
